Electrician

AVANTech Incorporated, a rapidly growing technology company with extensive experience in the design, fabrication, and operation of water and wet waste treatment equipment for government and commercial clients, is seeking an experienced and results-oriented **Electrician** interested in joining our team at our facility in **Columbia, SC**. AVANTech's diverse product portfolio includes traditional water treatment systems as well as specialized systems for selective removal of radioactivity, boric acid purification, and various contaminant of concern applications. The company also has extensive experience in the design and fabrication of modular systems.

This job provides an excellent opportunity to learn about designing water treatment systems with a company using the latest technologies in the field of water treatment.

The **Electrician** is responsible for performing a range of electrical, pneumatic, mechanical, and other shop duties including but not limited to the following:

- Installing and connecting skid wiring from control panel to electrical devices
- Installing rigid and flexible conduit and associated wiring
- Troubleshooting electrical systems including 480VAC, 120VAC, 24VDC, and 4-20mA
- Installing stainless steel and poly pneumatic tubing
- Operating existing water treatment equipment
- Completing miscellaneous maintenance assignments
- Any other duties as assigned by supervision

Qualifications:

- Two-year electrical or electronics technical degree or five years of experience
- Three plus years of electrical installation and troubleshooting experience
- Journeyman License preferred
- The ability to read and follow electrical and mechanical prints
- The ability to read and comprehend component manuals
- The ability to perform various mechanical tasks
- Strong knowledge of NEC electrical codes
- Adaptability to changing project requirements and schedules
- Critical thinking with exceptional problem-solving skills, able to work independently or in a team environment.

At AVANTech, we are energetic and passionate about what we do. We seek qualified candidates who share our vision, values and commitment to superior customer service to both our internal customers as well as our external customers.

The **Electrician** candidate must be able to pass drug test. A high level of safe working practices and procedural awareness is necessary.

To apply, send resume to: swilson@avantechinc.com
