Pipe Cutter/Pipe Fitter

AVANTech Incorporated, a rapidly growing technology company with extensive experience in the design, fabrication, and operation of water and wet waste treatment equipment for government and commercial clients, is seeking a **Pipe Cutter/Pipe Fitter** interested in joining our team in **Columbia, SC**. AVANTech's diverse product portfolio includes traditional water treatment systems as well as specialized systems for selective removal of radioactivity, boric acid purification, and various contaminant of concern applications. The company also has extensive experience in the design and fabrication of modular systems.

Ideal candidates will be versatile and have three (3) to five (5) years' minimum experience working in a custom equipment manufacturing environment. Applicants must be able to read piping schematics, have the ability to read and interpret drawings and blueprints and follow design specifications. Candidate must be capable of working from prints and sketches to assemble a variety of products for industrial equipment. Candidates must be able to work independently. Attention to detail is a must. The ability to handle multiple projects and prioritize is critical. Candidates must have current/valid driver's license and dependable transportation.

At AVANTech, we are energetic and passionate about what we do. We seek qualified candidates who share our vision, values, and commitment to superior customer service to both our internal customers as well as our external customers.

This is a full-time position. Compensation is based on experience and skill level. The successful applicant must be able to pass a pre-employment physical and drug screen. A high level of safe working practices and procedural awareness is necessary.

To apply send resume to:
