

Water Treatment Plant Operator

AVANTech Incorporated, a rapidly growing technology company with extensive experience in the design, fabrication, and operation of liquid processing and wet waste treatment equipment for government and commercial clients, is seeking an experienced **Water Treatment Plant Operator**. We are searching for candidates interested in being part of a team, who take pride in their career. AVANTech's diverse product portfolio includes traditional water treatment systems as well as specialized systems for selective contaminant removal. The company also has extensive experience in the design, fabrication, and operation of modular liquid and waste treatment systems.

The **Water Treatment Plant Operator** will be responsible for the operation and maintenance of an offsite water treatment system at a facility in Columbia, SC. Activities will include the following duties and responsibilities:

- Starting up and shutting down equipment as directed
- Monitoring equipment for optimum operational efficiency
- Collecting water samples and performing frequent routine laboratory analyses, recording results
- Weekly system cleaning and maintenance
- Refilling, cleaning, re-calibrating, and assisting in the maintenance and repair of laboratory and other plant equipment and instruments
- Monitoring and performing routine upkeep of pumping systems
- Calculating feed rates and recovery percentages, adjusting water flow and chemical feeds as necessary
- Performing frequent plant and equipment inspections to ensure safe and proper operations; detecting operational and mechanical problems; performing and/or requesting equipment maintenance and repair work as needed
- Performing on-site tests to ensure discharge compliance
- Testing and maintaining emergency generators
- Preparing and maintaining accurate and complete records and reports as required
- Monitoring, receiving, and stocking supplies and materials necessary for daily operations
- Performing general building and grounds maintenance tasks as required

Qualifications:

- Three plus (3+) years of previous wastewater or water treatment operations experience
- Valid SC Driver's License required

- Experience with reverse osmosis, ultrafiltration, and multi-media technologies is preferred

PLEASE NOTE: This position requires the candidate to work second shift, four nights a week, Tuesday through Friday. A \$1.00 per hour shift differential will be included in wages.

Candidate must be able to pass drug test and remain eligible for continual fitness for duty testing. A high level of safe working practices and procedural awareness is required.

At AVANTech, we are energetic and passionate about what we do. We seek qualified candidates who share our vision, values, and commitment to superior customer service to both our internal customers as well as our external customers.
